HOSPITAL PHYSICIANS SAID:
"IT WOULD DELIGHT US TO FIND SOMETHING TO CURE THIS DEAR OLD SUFFERER."
MR. E. W. ROSE, St. Louis, Mo. RICHMOND, IND., Nov. 26, 1905.
DEAR SIR: The charity patient in whom I am so much interested
was seventy-five years old at the time that she began the use of "Zemo,"
and her weight was 160 lbs. Her health has been poor for some time past,
suffering mainly from spinal trouble, according to the diagnosis of the
doctors in attendance. She has been a hard worker all her life, having
made the living for her family keeping boarders. Somewhat over a year
ago eczema began to trouble her. It gradually grew worse and worse
until her entire body was affected, the legs being a mass of sores con-
stantly separating. The itching and burning sensation was so dreadful
at times that it was impossible for her to sleep day or night. The doctors
(two of our best) pronounced the case incurable, and when I asked
permission to use "Zemo" promptly said, "It would delight us to find
something to cure this dear old sufferer." "Zemo" was first used on the
upper part of the body and soon relieved the patient of the terrible dis-
tress caused by the itching and burning. The doctors had been dressing
the legs every day, but as soon as they saw the wonderful change in the
skin where "Zemo" had been used, they gave consent to have it used on
the legs. Gradually they began to improve and are now almost as
smooth as the face. It was probably about a month before much relief
was experienced in this part of the body, then skin scaled off, itching,
burning and aching gradually ceased. It seems now as if a testimonial
might be given, but the patient thinks that she had better use "Zemo"
a few weeks longer before saying that she is cured. However, she is
very grateful to all who have been instrumental in securing her won-
derful remedy and thinks that it has a great future before it.
Respectfully,
(MRS.) MARY PERRY BELLIS, Nurse in Hospital,

Dignity Dare.
No. 1082, Vol. 5, A. S. H. R.
Mahogany bay, black points, white only
on left hind foot, 10 years old, 15 1/2 hands
high, weighs 1,200 pounds, strong flat bone,
heavy mane and tail, good back, with long,
crane, tapering neck, well set in high-
mounted shoulders, a saddle horse head and
car on him, a model under halter, always
wears blue string in model rings, wonderful
style in harness, a show horse sure. When
one year old was all honors in his class
wherever shown; also the blue tie in sweep-
stake harness rings at same age. When a
3-year-old he was shown 11 times and won
15 blue strings; has never been defeated in
fancy harness rings; has always been the
victor in stallion stake ring, as a breeder,
when shown with three or more of his get,
for size, style and general conformation,
and for all purposes. He is a saddle horse
with five distinct gait, fast line and the
best of all in two walks and a nice open;
very positive in his trot under saddle and in
harness, great all around action, as is re-
quired for an up-to-date sire of high priced
sale horses for saddle or harness. He is a
sure enough harness horse, graceful, stylish
and fast; can show eights in 1st 1/2 seconds,
2 1/2 sec. with but little hand; did this
last fall one year ago after serving 91 mares
in the spring. He is possessed of wonderful
nerve and speed enough to get a trotter for
track use or gentlemen's roadsters; large,
handsome stylish, heavy and strong enough
to get carriage horses with a kindly dispo-
sition for all purposes of a family horse. He
is the horse to sire parkers, stylish, grace-
ful, substance and docility. It has been
shown up by horses bred by him and a nice
most uniform breeders in Kentucky. He
types his colts after himself; has never sired
a sorrel colt. The most profitable horse for
the farmer and small breeder to produce is
the horse which serves the widest range of
purposes well. His colts are show colts; of
the very highest type, blue string winners
from the oldest to the youngest. 24 of his
colts have been offered for and sold for an
average of \$50 and the average age of them
is 2 years and 6 months.
